

I had a patient I just couldn't seem find the right answer for...and there it was, in the Physica Medica, staring me right in the face. An answer I would never have thought of.

How perfect! I and my patients can't thank you enough!!!

OVER 600 PAGES OF CLINICALLY-SPECIFIC PROTOCOLS

Education | Presentation | Reference | BioEnergetic Medicine

Dr. Cass' Bio Energetic Practitioner Repertory has over 600 pages of clinically specific protocols, foundational concepts like Left Spin, Healing for the Pattern of Life, Causal Chains, Practicum of testing practices, and Protocol Compendium. The Physica Medica plays its part in the wellness landscape of the Legacy Continuum.

As practitioners in the exploding world of BioEnergetic Medicine and Sciences, we are constantly being made aware of the fact that conditions with which we are being asked to assist are increasingly poly-systemic in nature and as such, require a constantly updating, agile mind and heart, to accurately provide our protocols and procedures.

This most recent Medica, plays its part in the wellness landscape of the Legacy Continuum and will always be a work in progress. Accordingly, it is not to be viewed as an exhaustive study but rather an honourable and honest approach to provide quick-reference-assistance to the professional whose primary concern is with the health and wellbeing of those who come to us, seeking assistance.
